DICTATORS HELD CONFERENCE

HISTORIC BRENNER PASS SCENE MEETING HITLER, MUSSOLINI

DISCUSSED 'WAR AS IT AFFECTS ALLIED AND AUTHORITARIAN NATIONS'

BRENNERO, Italy, Mar. 18.—(AP)—Adolf Hitler and Benito Mussolini conferred two and a half hours in a railway car in the historic Brenner Pass today, discussing the war as it affects "both allied and authoritarian nations."

Meeting in a snowstorm at this supposedly impregnable border between Italy and former Austria—once the gateway of teutonic invasion—the two statesmen held a talk arranged suddenly at a critical moment in Europe's affairs.

The world was not aware the meeting was to be held until last night after Hitler and Mussolini already had left their capitals, and today they were on their way back home again almost before the world could know they had met.

The historic meeting, linked in diplomatic quarters with talk of a so-called "peace drive," took place in the parlor car of Il Duce's train on a siding of this little Alpine frontier station as a snowstorm swept into the town.

Except for the extremely brief communique describing the talk as cordial, nothing was known definitely of the measure of the conversation.

With the briefest ceremony Hitler and Mussolini began their talk immediately after meeting. Il Duce's son-in-law and foreign minister, Count Galeazzo Ciano, and the German foreign minister, Jachim von Ribbentrop, entered the special car with their chiefs, and the four went into a closed compartment, where curtains were quickly drawn.

The train stood on the siding just within Italian territory. The long platform was kept clear and so was a space for some distance around the station, from which are visible barrier gates between Italy and Germany.

Only a few provincial, military and civil authorities were at the station.

As Mussolini and Count Ciano alighted from their train buglers of the honor guard sounded attention while a batallion of Alpine troops presented arms. Il Duce passed the guard in review and then stood with members of his party under the platform roof until the arrival of Hitler's train 45 minutes later.

While a military band played German and Italian anthems, Mussolini stepped forward to exchange cordial salutes and effusive handshakes with Hitler. Count Ciano greeted Von Ribbentrop and other members of the Germany party.

Hitler and Mussolini then quickly reviewed the guard and strode to Il Duce's car.

Mussolini appeared to be in excellent humor. He wore a dark blue uniform and the cap of an honorary corporal in the fascist militia.

Hitler, who was standing at the doorway of his train when it coasted into the station, stepped down immediately. He wore the olive drab uniform of a German soldier, with a olive drab raincoat.

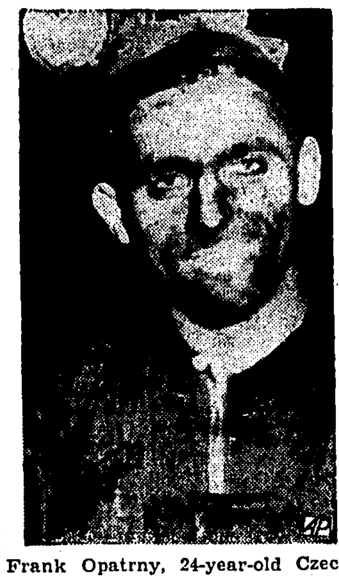
Wildfowl Regulations.

WASHINGTON, March 18.—(AP)—Secretary Ickes urged today that federal shooting regulations for wildfowl be continued until "we have all the birds the marshes can accommodate."

Addressing the fifth annual North American Wildlife conference, the secretary of interior said the number of wild ducks had been approximately doubled since the waterfowl restoration program was inaugurated in 1934.

Present regulations, he said, allow reasonable shooting.

Survivor



Frank Opatrny, 24-year-old Czech miner, was the first man to struggle to the tipple mouth of the Willow Grove mine at St. Clairsville, Ohio, following an explosion. He estimated he was 1,000 yards from the flast which knocked him flat, but he was uninjured. Seventy-three other men were entombed and are believed dead.

Hope Virtually Abandoned For 71 Entombed Miners

ST. CLAIRSVILLE, O., March 18.—(AP)—All 73 victims of the Willow Grove mine explosion were given up for dead today, and the state prepared to pay death claims of nearly $400,000.

Hope for 69 entombed coal miners faded 48 hours after the explosion. Four others were known dead. Officials reported in another 24 hours they could break through the poisonous gases and rock barriers which blanketed the trapped men.

More than 100 other miners, most of them gassed or injured, were rescued.

Bodies of John Marks, motorman and Ross McFadden were removed from the mine before dawn today. John Richards, superintendent, and Howard Sanders, Tipple boss, died of fumes in rescue efforts.

While crowds of tearful relatives and friends continued a vigil at the mine entrance, the state set up a special office to handle applications for death and injury claims. A compensation commission official estimated the state would pay approximately $5,250 for each man who perished.

Westwall Area More Active And Nazis Repulsed

PARIS, March 18.—(AP)—German attacks with the largest number of men put into action since the war started were reported by military quarters today to have been turned back by French machine-gun and artillery fire.

German patrols operating Sunday in sectors west of the Vosges mountains and east of the Moselle river sustained what military sources described as "cruel losses" in extended operations.

At least three separate engagements occurred during the day.

Shell explosions ripped through the Germans causing a large number of dead and wounded. Military sources said Nazi losses were heavy. Concerning themselves, the French reported "two disappeared."

Military advices said that all positions temporarily occupied by the Germans were retaken.

Allied and German aerial forces made several reconnaissances over each other's territory despite unfavorable weather, it was reported.

MURDER-TO-ORDER COMBINE KILLED BY CONTRACT AT LOW PRICE FOR BIG RACKETEERS

NEW YORK, March 18.—(AP)—A Hollywood character actor whose chief screen roles portrayed him in a police uniform was arrested today on orders from District Attoney William F. O'Dwyer of Brooklyn as investigation was widened into an alleged "dollar a death" wholesale murder syndicate linked with a dozen or more gangland slayings. O'Dwyer declined comment on the west coast jailing of Irving Cohen, 37, 230-pound bit player who recently appeared in the film "Golden Boy," beyond saying he was "wanted for murder, first degree."

The Brooklyn prosecutor said the murder-for-profit paid its youthful gunmen as little as $1 for each successful killing, playing on their fears of meeting a similar fate.

O'Dwyer said 10 or more men were under arrest and that the purported leader was being questioned. The gang, he said, was implicated in seven slayings and two attempted murders in Brooklyn, and three deaths in Sullivan county in upstate New York.

He said the combine had a "definite" tie-up with the notorious purple gang in Detroit, chiefly because both were interested in the lucrative loan shark racket.

O'Dwyer said State Police Inspector Ernest Maynard of Troop C had told him upstate farmers "are scared to plough their land these days because they're afraid to uncover a body from Brooklyn."

Of the youthful killers, he said:

"It wasn't a question of money, but of fear.

"The police had one of these kids in for examination one day. They told him to strip off his clothes. Then they made a microscopic examination of his body.

"The kid was curious and asked when they were doing that. So they told him he would probably be

GERMANY'S BOLDEST WAR STROKE BRINGS SCAPA FLOW ATTACK

BRITISH PRESS CLAMOR FOR GREATER INITIATIVE IN DIRECTION OF WAR

LONDON, March 18.—(AP)—Germany's boldest aerial stroke of the war—a one hour and 25 minute raid by 14 Heinkel bombers on the Scapa Flow naval anchorage—was followed today day expressions of belief in political quarters that Prime Minister Chamberlain is planning a drastic cabinet change to institute a more dynamic war policy.

The British press clamored for greater initiative in the government's direction of the war and the sharp division of opinion on Chamberlain's conduct of it was heightened by scheduled debate in the house of commons tomorrow.

Informed political observers expressed the conviction Chamberlain is planning ministerial changes soon.

Some thought he might adopt the pattern set in the World War by David Lloyd George for a small war cabinet engaged solely in direction of higher war policy with all departmental routine given to ministers outside the cabinet.

In such a plant it was considered likely that Chamberlain would retain in the streamlined cabinet these three—Winston Churchill, first lord of the admiralty, Chancellor of the Exchequer Sir John Simon and Lord Halifax, foreign secretary.

The mass nazi raid in Saturday's twilight brought the war's first civilian casualties and the announcement that an unidentified British battleship had been hit.

One cottager was killed and seven other civilians—including two women—were wounded. Seven naval men were listed as casualties also, but the admiralty did not specify whether they were killed or wounded.

Claim Counter Raid.

The air ministry's report of a counter raid on German warships in Helgoland Bight during daylight hours Saturday and the admission of naval authorities that the Orkney Islands' station, like all "our eastern and northern bases," is always vulnerable to attack, did not cushion newspaper criticism.

The fact that only one German bomber was shot down prompted questions about the effectiveness of the royal air force.

The more than 100 high explosive and incendiary bombs nazi raiders showered on the island did only "minor damage" to the British Man o' War.

In reporting its Saturday foray against German patrol vessels between the islands or Borkum and Helgoland, the British air ministry said their planes had staggered the enemy craft with a salvo of bombs. The vessel was described as being "partially lifted out of the water" by the force of the explosions. All British raiders were said to have returned to their bases safely.

BODY OF DALLAS WOMAN FOUND IN TRINITY RIVER

FORMER UNIVERSITY STUDENT, HER SON, HELD FOR OBSERVATION

DALLAS, March 18.—(AP)—Detective Inspector Will Fritz said that Arnold Benson, 21, former University of Texas student, was held in jail for observation today after his mother. Mrs. Tillie Darver, 35, was found drowned in the Trinity river.

Albert Darver, husband of the victim, said in the presence of detectives and newspapermen that Benson, mentally ill, had threatened his mother. Once, Darver said, the son had declared he would strangle his mother if he got a chance. On other occasions, Benson was declared as harmless.

The body was recovered near the point where she had been dragged into the water as she struggled, according to Benson's statement to authorities.

The suspect had told a farmer early today that the drowning occurred on the west fork of the Trinity between northwest highway and California crossing.

The farmer, Tom Rudge, said the man, dripping wet and clad only in a thin undershirt, appeared at his home, eight miles north of Dallas, at 3 a. m. today and told his story.

Albert Darver, husband of Mrs. Tillie Darver, late yesterday reported her missing.

DAILY LIFE OF LEPER SHOULD BE ANTIDOTE FOR SUICIDE FOR ANY CONTEMPLATING SUCH STEP

By STEPHEN J. McDONOUGH
Associated Press Science Writer.

CARVILLE, La., March 18.—(AP)—Sharing the daily life of a leper should be an antidote for any person contemplating suicide.

Here on a small plantation tucked into a bend of the Mississippi near New Orleans are 370 men, women and children, most of whom are destined to spend the rest of their lives on this plot of ground.

Many will disintegrate slowly as the leprosy progresses. Others may live out the normal span of life without pain or trouble. Some may be released as free of the disease.

But none know for sure what may happen and an outsider marvels at the cheerfulness of the people suffering or suspected of harboring a disease about which little is known.

There have been few suicides in Carville in the 50 years of its existence. People with ample reason to die voluntarily cling to life with courage and tenacity. Some are blind but they read newspapers, books and magazines avidly through the eyes of others.

Others cannot walk but they enjoy most of the ordinary recreations from wheel chairs pushed by other patients. Some must be fed and cared for by one of the Sisters of Charity.

There are few complaints heard. Their eagerness to work is pathetic.

Fine needlework, crocheting and leather working is being done by many of the patients but there is no market for it because of the public phobia about leprosy.

"We completely sterilize everything," Dr. H. E. Hassletine, medical director of the hospital, declared, "and if it wasn't for the public misunderstanding of the disease it would be possible to establish a market for the products our people can produce."

The public horror of leprosy can be dissipated quickly by a five-minute talk with one of the Sisters of Charity. Asked about the possibility of contagian. she replied calmly, "you don't need to worry about catching it. I've been here 20 years."

SENATE MOVING TOWARD PASSAGE OF ANTI-POLITICS LAW

APPROVED AMENDMENT TO CURB ASSESSMENTS FOR POLITICAL CAMPAIGNS

WASHINGTON, March 18.—(AP)—The senate today passed legislation making the Hatch anti-politics law apply to an estimated 500,000 employes in state and local government.

WASHINGTON, March 18.—(AP)—The senate, moving toward a vote on legislation to expand the Hatch anti-politics law, approved today an amendment to curb the assessment of state employes for political contributions.

The amendment, offered by Senator Neely (D-W VA), would prohibit any employe paid partly from federal funds from using his influence to obtain political contributions from other state workers.

The senate was scheduled to vote finally on the pending measure late today. The bill would apply to state employes paid partly from federal funds the same restrictions against political activity which now are applied to federal workers.

While virtually assured of senate approval, the measure may be shelved in the house for this session.

Speaker Bankhead of the house, meanwhile, said he was "not in favor" of the Hatch legislation.

Asked for comment on pigeonholing reports, the speaker told his press conference:

"I am not in favor of the amendments. I think that the government has gone far enough in the original bill to test the efficacy of the plan."

Going Pretty Far

He added that he believed the government would be going "pretty far" if it attempted to regulate the rights of a citizen as contemplated by the senate legislation.

On the farm front, Bankhead predicted the house would agree to a prospective $300,000,000 increase in next year's farm supply bill, which will come up in the senate probably tomorrow.

The bill carried $713,000,000 when it passed the house but the senate appropriations committee added $309,000,000 for parity payments and increases in funds for surplus commodity removal. Farm-state senators have estimated that they have sufficient votes to maintain the increases on the senate floor.

"I think the farmers are pretty strong in the house right now," Bankhead said. "I think the house will put the increases in if it comes to a vote."

He recalled, however, that sentiment for economy in the house had been strong this year.

Cotton Fund Sought

E. F. Creekmore, manager of the American Cotton Cooperative association, urged a house agriculture committee to approve legislation which would authorize a $1,605,441 appropriation to discharge a federal obligation to 13 cotton cooperatives incurred under the old farm board ten years ago.

A senate-house conference committee failed to reach an agreement on additions the senate made to the first deficiency bill which provides, among other items, $60,000,000 for delayed soil conservation payments to farmers who complied with last year's agriculture program.

The measure carried a total of $90,069,139 as it passed the house and the senate added $2,707,882, represented principally by $1,000,000 for insect pest control and $1,000,000 for a reclamation project on the big Thompson river in Colorado.

The Colorado project was the principal stumbling block to an agreement, the house conferees opposing it vigorously.

WAR FEVER CURED BY EXPERIENCE OF AMERICAN AVIATOR

HAROLD E. DAHL DODGED EXECUTION AND SPENT YEARS IN PRISON

NEW YORK, March 18.—(AP)—With a decided distaste for war, Aviator Harold E. Dahl is back in the United States after dodging a Spanish Nationalist firing squad and spending almost three years in prison.

He arrived yesterday on the American Export line freighter Exira with five other Americans who had been imprisoned by the forces of General Francisco Franco.

A casual, "Hello, Harold, how are you?" was the greeting he received from his platinum-blond wife, whose photograph Dahl said was instrumental in causing Franco to grant him clemency after he was taken as a prisoner.

"Be careful of my lipstock, darling," Mrs. Dahl added as photographers urged them to embrace.

The slender, almost bald flier said he was penniless and told reporters he was pretty sick of war.

"Believe me, unless I'm fighting for my own country, that's my first and last war. It was thick and fast fighting while it lasted," he said.

Shortly after Dahl disembarked at Jersey City, authorities in Los Angeles said four warrants involving bad check charges awaited him, but there was some indication he might escape prosecution.

Dahl went to fight for the Spanish Republican (Madrid) government as a pursuit pilot at $1,500 a month. He was captured when his plane fell into enemy territory in July, 1937. A court martial condemned him to death, but he was pardoned later.

"I heard General Franco was quite struck by my wife's beauty, and I guess there's no question it saved my life," he said.

GARNER REPORTED SEEKING ALLIANCE WITH JIM FARLEY

EFFORT BEING MADE PREVENT THIRD TERM NOMINATION ROOSEVELT

WASHINGTON, March 18.—(AP)—Close associates of Vice President Garner said today he was seeking a political alliance with James A. Farley in an effort to prevent a third term nomination for President Roosevelt.

Such a coalition, they said, probably would offer Farley for second place on the ticket. No information was disclosed, however, as to the postmaster general's attitude.

Garner was represented as believing his own convention strength, combined with Farley's would be sufficient to stop a first-ballot nomination for Mr. Roosevelt.

It was reported that intimates of Garner and Farley have been exchanging views and that the two men probably would confer personally soon.

Farley has given no public indication that he would not support the third term movement. A slate of Democratic delegates has been put forward in his name in Massachusetts with the understanding they will support the president if he runs.

One Southern Democratic senator, usually friendly with Garner, told reporters the Illinois primary April 9 would determine whether the vice president would be a

AXIS EXTENSION TO MOSCOW MAY RESULT FROM CONFERENCE

PARTICIPATION OF ITALY IN WAR ON GERMANY'S SIDE BELIEVED NEAR

By LOUIS P. LOCHNER

BERLIN, March 18.—(AP)—Extension of the Rome-Berlin axis to Moscow and possible eventual participation of Italy in the European war on Germany's side were cited today by excellently informed Berlin circles as the main apparent results of today's historic Brenner Pass meeting between Fuehrer Hitler and Premier Mussolini.

The two statesmen appeared to have worked on plans for a complete reorganization of Europe, with Soviet Russia as their partner.

Berlin was filled with rumors that German Foreign Minister Joachim von Ribbentrop would confer with Russian premier-foreign commissar Vyacheslaff Molotoff as soon as possible, either in Berlin or Moscow.

Hitler and Mussolini were said to have agreed on possible ultimate participation of Italy in the European war on Germany's side if and when such a course should be deemed preferable to the present status of Italy as "not neutral and yet not waging war."

Until the time should come for filling in the date for a declaration of war, it was said, Italy would lose no opportunity to demonstrate to the western powers that she is Germany's ally economically, politically and ideologically.

Italy for instance abruptly ceased furnishing certain implements of war to France as she had done hitherto.

Plan Other Agreements.

The present German-Italian coal agreement will be followed by other agreements for putting resources of each at the disposal of the other axis partner.

In the event of Italy's entering the war, it was said Germany would supply her partner with all the things necessary for waging modern war.

Hitler and Mussolini further agreed, according to sources considered gilt-edged, that an Italian-Russian reapprochement must follow.

This involves careful delineration of spheres of influence in the Balkans.

Among the first statesmen to learn the details of today's border meeting between the fascist and nazi leaders will be United States Undersecretary of State Welles to whom it was said Mussolini would divulge such details as seemed expedient.

Thus, as seen here, President Roosevelt will be given one more chance to find some formula for tempting Great Britain and France on the one hand and Germany and virtually Italy on the other hand to peace.

Activity to Continue.

It was considered more than likely that meanwhile, German naval and air force activity against Britain would continue and German-Italian diplomacy would be most active in Soviet Russia and the Balkans.

An authorized spokesman soon after the Hitler-Mussolini meeting said it was held "to discuss all questions which concern both allied and authoritarian nations."

"These questions result from the fact that Nazi Germany today is engaged in the decisive fight of her history, a fight forced upon her by the western powers," the spokesman declared.

Youth Pays With Life For Murder Of McKinney Cop

HUNTSVILLE, March 18.—(AP)—Eight minutes after he whispered an apology "for all the trouble I've caused," J. W. Rickman, 22, was pronounced dead in the electric chair today.

The slight farm youth from Collin county was executed for slaying McKinney Policeman Marion Taylor in 1938.

Taylor was shot six times as he walked toward a taxicab Rickman had commandeered in Dallas.

Rickman was arrested near Durant. Okla., as he hitch-hiked toward Fort Sill, Okla., where he said he had a brother living.

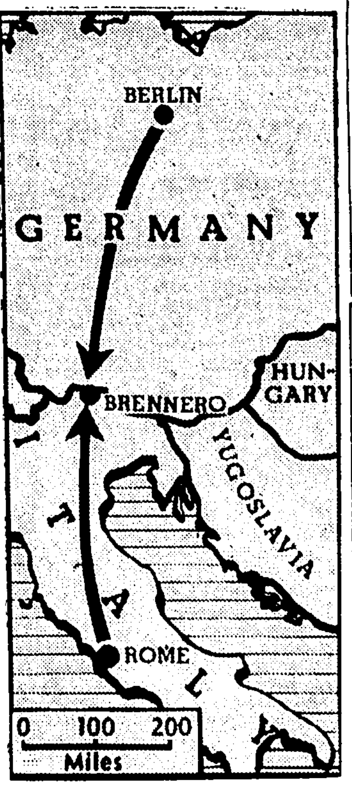
Where They Met



The world learned Sunday that Adolf Hitler and Benito Mussolini would travel from Berlin and Rome (above) to Brennero, last Italian town on the border, for a conference Monday. The first meeting of the German and Italian leaders since Munich in 1938, when Czecho-Slovakia was partitioned, was held in a railway coach during a snowstorm. (Associated Press Telemat)

GRANITE MONUMENT DEDICATED MONDAY NEW LONDON DEAD

NEW LONDON, March 18.—(AP)—A 120-ton granite monument was dedicated today to the memory of 280 pupils and 14 teachers who died in the explosion of the New London school building March 18, 1937.

While hundreds of relatives, friends and neighbors gathered here for the simple ceremony, services were held at the Pleasant Hill Baptist church, across the way from the cemetery where about 100 of the blast victims were buried.

The monument is across the street from the new $400,000 school building erected with safety devices against a repetition of the disaster which, investigators said, apparently was caused by an accumulation of natural gas ignited by a spark when a switch was thrown in a manual training room.

Stores in the area were closed today from 2 to 3 p. m., marking the hour of the tragedy.

British Shipbuilding Program Is Censured

LONDON, March 18.—(AP)—Asserting that Britain may starve to death unless her shipbuilding program is speeded up, Emanuel Shinwell, laborite member of parliament, asked the house of commons today for a vote censuring the shipping ministry.

The laborite scored the ministry for delays which he said were due to lack of organization, and declared that complaints were rolling in as "ships are lost, lives are lost and hundreds of thousands of pounds frittered away."

The effective cargo-carrying tonnage of the British merchant marine is only about 10,000,000 tons at present, Shinwell said, and not 18,000,000 tons as Mr. Churchill (first lord of the admiralty Winston Churchill) would have claimed.

Aircraft Sales Aid

WASHINGTON, March 18.—(AP)—Secretary Edison said today sale of domestic aircraft to the allies, instead of interfering with the navy's procurement program, had tended to reduce costs and to expedite deliveries. He expressed his view in a letter to Chairman Vinson (D-Ga) of the house naval committee.

MUSSOLINI, HITLER; WELLES AND POPE IN IMPORTANT MEETINGS

RULERS OF ITALY AND GERMANY MEET IN RAILWAY CAR FOR CONFERENCE

By RICHARD G. MASSOCK

ROME, March 18.—(AP)—Two conferences among men from whom Europe waited to know whether the future held peace or more war occurred today at the same moment.

In one, Adolf Hitler and Benito Mussolini met in a railroad car in Brenner Pass while a snowstorm whipped across the nearby frontier between their countries.

In the other, Pope Pius XII and Sumner Welles conversed in the churchly quiet of the Vatican.

The possibilities of peace were believed to have been the principal topics of both conversations—held simultaneously, either by design or coincidence.

Welles, President Roosevelt's fact-finder in Europe, was accompanied to the last-scheduled conference of his tour by Myron C. Taylor, the President's own envoy to the Vatican, and remained with the Pope an hour.

Although no further meetings have been arranged for Welles, it still was possible that he might see Premier Mussolini again before the time for him to embark for home Wednesday.

The Hitler-Mussolini conversations were confined to a two-and-a-half-hours meeting. Hitler started back to Berlin almost immediately and Mussolini left for Rome 15 minutes after his guest departed.

Both were homeward bound within four hours after their arrival for mysterious meeting at Brennero. Il Duce thus can reach here before Welles' departure.

Nothing was disclosed of the conversations behind drawn curtains except that they were cordial.

It was not disclosed whether there was any link between the two conferences. It was known, however, that Il Duce informed Welles Saturday of his meeting with Hitler despite the rigid secrecy which kept both nations in darkness about their leaders' plans until after they had left for the rendezvous.

The setting given the Hitler-Mussolini meeting was regarded in Berlin as a sign that it might be an event of transcendent importance.

The two chiefs of state were accompanied by large retinues which, in peacetime, would be present only on state visits of the first magnitude.

Whether the Hitler-Mussolini meeting presaged a German move toward a truce in Hitler's still largely unfought war with Great Britain and France was impossible to ascertain.

There was a belief in foreign circles that Mussolini would refrain from taking part in any so-called peace offensive unless he received definite signs of its likely success.

If, on the other hand, Hitler intended to discuss plans for a possible spring war offensive it was thought that Mussolini would avoid involving Italy in it.

The outlook for any truce appeared slight indeed to diplomatic eyes.

British War Loan Oversubscribed.

LONDON, March 18.—(AP)—Britain's new 300,000,000 ($1,200,000,000) three percent war loan has been oversubscribed, Chancellor of the Exchequer Sir John Simon informed the house of commons oday.

The loan was offered last Tuesday.

Sir John paid tribute particularly to small investors who supported the loan.

STREAMLINED TURKEY IS STAR OF BARNYARD SIDESHOW THAT IS SHOWING IN WASHINGTON

By EDDY GILMORE.

WASHINGTON, March 18.—(AP)—The streamlined turkey which the Bureau of Animal Industry has been perfecting for four years met the public today, and the public gobbled it up.

"Oh," gasped the lady with the green hat, "there's something at last that will fit the oven."

"Yep," said her husband, "and I believe it's the first turkey I ever saw that I wouldn't be afraid to face alone with a knife. I mean to carve, of course."

The streamlined turkey is one of the features of the barnyard sideshow which the bureau has moved into the fern-festooned patio of the agriculture department.

The bird is white and weighs about 8 pounds. Beside him is his brother who hasn't been streamlined; he weighs 14 pounds.

Apartment houses, small dwelling kitchens, and families that don't include 10 to 15 persons are some of the reasons for the whittled-down gobbler. Turning out this bird has been quite a job, and you can easily tell it's the star of the sideshow.

Another feature of the exhibit is the egg-control show. By proper feeding, the scientists have been able to regulate and standardize the shape of the egg, and encourage the hen to try harder for a bigger output.

One pile of eggs shows what happened when a flock was just left to itself. Eggs of 100 different sizes, shapes, and colors were laid.

Another pile shows what happened when the scientists stepped in—200 eggs of regulation size, shape and color.

The barnyard sideshow also tells you how to tell an egg. The tips of a good one are: Clear, firm white, upstanding yolk, strong shell, good flavor

Pioneer Literary Club Met Friday In McCluney Home

KERENS, March 18.—(Spl.)—In the lovely home of Mrs. E. L. McCluney, the Pioneer Literary Club, meeting on Friday at the regular hour, observed the annual Texas program. Mrs. H. B. Smith as co-hostess, and Mrs. William McCluney, daughter-in-law of the household, extended a welcome to club members and guests, after which Mrs. G. H. Sanders, president, presided over the business session.

Prior to the program, two new members fere formally welcomed, and stood and read the club pledge in unison. These charming additions were Mrs. C. C. Sessions and Mrs. A. E. Harrison, wives of the pastors of the Methodist and Baptist churches, who both are new comers in the city.

Each year, the wonder is "In What Way Will the Prescribed Texas Program Be Made Interesting and Different" this time.

On no other occasion has the vast subject been presented in more capable or arresting manner, than that in which Mrs. Jack Fite, leader, handled the assignments of the day, as follows:

Roll Call—An Outstanding Texan.

The Big Thicket—Leader.

The Proposed Big Bend National Park Area—Mrs. E. H. Norton.

A Song From the Traffic, Margaret Bell Houston, Texas Memoranda, Masquerade—Lexia Dean Robertson, Mrs. Dare Mabry.

Research as Sponsored by Out State Government—Mrs. Howell Brister.

During a social hour spent most enjoyably in the flower-laden reception suite, plates, beautifully suggestive of both St. Patrick's Day and the Easter season, were passed, containing sandwiches in four-leaf clover and Easter lily design, white cake squares, with green Irish flag stick-ups, Marthat Washington green candles, and hot tea.

Guests other than members present included Mrs. Finis McCluney and Mrs. Carrie McKinney.

KENT BANKRUPTCY HEARING SET FOR APRIL 8 IN DALLAS

DALLAS, March 15.—(AP)—A brief preliminary hearing in the matter of Garland C. Kent of Corsicana, bankrupt, was held yesterday before Referee E. M. Baker, who set the official hearing of the case for 10 a. m. April 8.

The suit involved about 200 pieces of property and the valuation is estimated at over $500,000.

At the hearing, attorneys for the government, claiming $76,000 in income taxes, and attorneys for the first National Bank of Corsicana, claiming $600,000 debt, conferred at some length regarding disputed items in bank's claim, to which the government had filed objections.

Auditors are expected to go over the figures on which the controversy is based with final allocation of various claims to be made at the April hearing.

Powell Student At NTSTC Is Pledge to Trojan Fraternity

DENTON, March 18.—(Spl.)—Howard Jackson, freshman from Powell in the North Texas State Teachers College, is one of ten pledges to the Trojan Fraternity at the college, who were honored at the club's "Dude Ranch Dance," Friday night at the Denton Country Club.

Jackson participated in the rodeo program which the pledges presented at intermission.

More than eighty persons, attired in the western ranch costume, attended the social, where music for dancing was furnished by a modernized western swing band.

The Country Club was decorated throughout in the motif of the dude ranch, being encircled by a corral fence over which were strewn saddles, reins, horse collars, etc., while on all four sides, the walls were covered with scenic effects of the hills and beauty of the West.

Corsicana Girl Will Have Part In Easter Pageant at College

BELTON, March 15.—(Spl.)—Miss Era Sharpley, daughter of Mr. and Mrs. Will Sharpley, 1100 West Seventh avenue, Corsicana, will have the part of a soldier in the Easter Pageant at Mary Hardin-Baylor College March 17. The pageant, sponsored by the Baptist Student Union, will undertake to present the events in the life of Christ, beginning with His triumphal entry into Jerusalem on Palm Sunday and culminating with His resurrection the following Sunday. Scenes included will be the entry, the Last Supper, Gethsemane and the Trial, the Crucifixion and the Resurrection.

Now Relieved From Pains and Sluggish Feeling

Loudly Praises Herbal Remedy. Many Years Had Been Wasted In Search for Something to Help Him.

Never Feels Dizzy Now And Aching Pains In His Joints All Gone Since Constipation Was Relieved - - Great Medicine He Says.

"I can never thank Herbtex enough for the amazing relief it brought me, yet it seems so simple after having tried so many expensive treatments which did not help at all," said Mr. Horace F.

MR. HORACE F. GEORGE

George, former Pennsylvania Railroad Engineer, now residing at 723 Market St., Wheeling, W. Va.

"There is no doubt but that constipation is what was causing my troubles, but I thought almost everything was wrong with me. I ached so bad that I could hardly keep at work. My back was so stiff and I ached all over my body most of the time. Every time I stooped over I'd feel so dizzy I had to grab hold of something. My nerves kept me awake for hours every night, then the next morning I felt all tired out.

"I have thanked a friend of mine many times for telling me to try Herbtex. I wish I had started taking Herbtex years ago. Herbtex worked off my bowels thoroughly, yet no griping or pains, and now I'm regular every day. I feel like I've had a bath inside. All the poisons seem to move out regularly instead of staying there and causing trouble.

"Since Herbtex cleaned my bowels I am free of backache and pains in my body, neither do I have sour gas that I always belched after eating, all the dizziness has passed off and my nerves have calmed down so that I can now enjoy restful sleep at night.

"I wouldn't take anything for the good that Herbtex has done for me. I know that Herbtex is really a good medicine. Herbtex gives relief for common ills like Stomach Trouble, Sluggish Liver, Weak Kidneys, Painful Joints, Aching Muscles, when due to constipation."

SPECIAL OFFER: regular price of Herbtex is $1.25, send only $1.00 Money Order, Cash or Check to Herbtex Co., Dept. TE14, Wheeling, W. Va., and a package of Herbtex (over a two weeks supply) will be sent you postage paid.

INTEREST RENEWED IN DAIRY PROGRAM NAVARRO COUNTY

FIRST SHIPMENT DAIRY CATTLE EXPECTED SHORTLY; TO SECURE SIRES

Interest in the Navarro county dairy program which is being sponsored by the Corsicana Chamber of Commerce increased extensively with the inauguration of the project Saturday, R. W. Knight, secretary-manager of the Chamber of Commerce asserted Monday, after pointing out that a large number of applications had been received at the local Chamber of Commerce offices for cows during the week end.

Knight stated that the program will receive new impetus with the arrival of the first shipment of quality dairy cows which is expected here within the next two weeks. Arrangements are being made to secure several tested bulls for the purpose of breeding up existing herds in the county. Two of the animals will be stationed at the Corsicana Fair Grounds where they will be available to farmers within the immediate vicinity of Corsicana at a nominal fee. Remainder of the bulls will be distributed over the county at advantageous points to better serve the farmers in their respective communities.

Better Coverage Planned.

Plans are also being made to arrange a better coverage of the county in regard to the milk routes, Knight said. In instances where there are several farms lying off the regular routes, arrangements will be made to secure the services of a farmer out of this group to be responsible for the conveying of the milk to a designated place on the regular daily routes, Knight pointed out. In event of adverse weather conditions, farmers would be instructed to save their sour cream until ararngements could be made to deliver it, thereby eliminating any danger of excess milk accumulation, he added.

Honors Received By Three Kerens College Students Recently

KERENS, March 15—(Spl.)—Word has been received by Kerens relatives and friends of honors bestowed upon three popular college students.

From Austin and the State University comes news of the initiation of Miss Jean Johnson, daughter of Capt. and Mrs. Hal C. Johnson, into Zeta Tau Alpha sorority, on last Sunday afternoon. The following night new members were honored with a formal buffet supper before attending their first chapter meeting. Miss Johnson is a major in Home Economics.

At Trinity University, Waxahachie, Miss Gypsy Coates, daughter of Mrs. Emmett McCluney, sophomore student, was chosen to play a prominent lead in Alpha Psi Omega's only play of the year "You Can't Take It With You," which was presented before a large audience on March 8th in the University's main auditorium.

At Commerce, Miss Kathleen Jennings, daughter of Mr. and Mrs. Fred Jennings, was among the twelve beautiful girls whose photographs were sent to Richard Greens, cinema idol, from which to select the six most beautiful in East Texas State Teachers college. Miss Jennings is very active in undergraduate affairs, is an excellent student, and holds a position in the office of Dean of Women Julia B. Hubbell. She is a member of Tooanoowe social club, a society editor for the East Texan, student weekly newspaper, and will be graduated in June. In her senior year in Kerens high school she was elected Queen of the May.

A Gain Of 269%
On The Sales Of
New Fords

Our records show that from January 1st to March 10th, 1940, we made an actual gain of 269 percent over the same period last year. This is quite a record and of course we feel very grateful to the car buying public in helping us to make this very unusual record.

Now

Since our new car sales have been so heavy, naturally our used car department is full of used cars taken in on the new ones. These used cars have all been gone over very carefully in our mechanical department and made ready for the buying public by doing whatever repairs necessary. We have all kinds and models and are placing them—

SURE PROTECTION! AT A TIME WHEN NEEDED

The Facts Are Before Us
IN TIME WHEN NEEDED MOST...

The Sutherland-McCammon Burial Association was organized to fill a positive need and to relieve much humiliation and embarrassment to the people of Navarro and adjoining counties.

All of the offices are managed and controlled by all home people and the secretary and treasurer is bonded for the faithful performance of his duties. The actual expense is held to the minimum with no salaries paid to any officers.

The need for this Association at this time is known to every person and has already proven its worth, for there comes a time when every family needs funds with which to provide funeral expenses. This Association fills that need.

Emergencies come
... WHEN LEAST EXPECTED!

—And an emergency is no respector of persons. Satisfaction and peace of mind are worth far more than the small cost of carrying one of these policies.

A policy with us will relieve you of any embarrassment. Can you really afford to be without this protection at such a very small expense?

MORE CRIME

This country didn't do so well in the matter of crime in 1939, according to a report of the F. B. I. Police statistics assembled from all parts of the country show an increase of 3.5 per cent in serious crime over the preceding year. More women were arrested last year than the year before, and there were more persons 19 years old arrested than in any other age group.

Most of the crimes of 1939 were committed for the purpose of obtaining property. More than half were larcenies. Only 4.2 per cent were murders, manslaughters, felonious assaults, and so on.

This report marks the tenth year of the F. B. I.'s work in collecting nationwide police statistics. It would be reassuring to find that the increase in crime was chiefly statistical, brought about by more complete records and better law enforcement. No doubt there are more temptatitons to crime in a period of economic depression and international violence expressed in war. We know that our prisons are crowded and that new ones fill up all too rapidly.

At the same time there is a better understanding of causes of crime and more enlightened effort to correct them before they can create criminals. The records may begin to reflect these constructive developments sooner than current crime reports suggest.

AGAINST SPENDING

If a current Gallup poll is accurate, there is a change in the public attitude toward federal spending for local purposes. Other things being equal, voters say, they prefer candidates who promise to cut federal funds rather than promising to obtain federal funds for their districts. The ratio of voters for candidates who favor economy rather than spending is almost two to one.

This is a reassuring attitude. Whether it will actually be backed up in practice is another question. Almost any citizen of almost any community, asked if he favors economy, will say yes, of course. But in recent practice, citizens of most communities have eagerly grasped at federal money for any kind of local improvements. They have mostly done this on the ground that they were getting something for nothing, or that some other community would get the money if they didn't take it. The result, in many places, has been a competition in finding local projects to spend money for.

The economics involved is a matter for much argument. Some projects have been valuable and some haven't. The present point is the mental attitude that so many people and communities have adopted about this sort of thing. Spending needlessly just to keep other communities from getting and spending the money is bad psychology and bad finance. The time has come to weigh impartially the value of all public, expenditures, avoiding such waseful competition.

THE NEW DALAI LAMA

(By enthronement of little Ying Ehr, China hopes to strengthen its vague suzerainty over Tibet. News dispatch.)

Ling Ehr, boy just six years old,
Sits upon a throne of gold,
By coincidence of birth,
Buddha's regent on the earth;
Dalai Lama, king of kings!
Owner of all living things!
By Tibetans all adored,
Spiritual and temporal lord!
Six years old, with freedom done
Ere his life was scarce begun!

Ling Ehr, child of circumstance,
Chosen by the merest chance
And to serve some deep intent
Of his ancient government,
Comes to all this pomp and pride,
Being born as Dalai died,
Reckoned, stated as a fact,
Death and birth—the time exact!
Youngster of a peasant line
Thus exalted as divine.

Little ruler, six years old,
Now must do as he is told;
Now must sit upon a throne;
Have no playmates of his own.
Wise and cunning men and sly
Now to bend his will will try.
All they'll ever teach or show
Is what they will let him know.
Strange the life and very sad
For a little peasant lad!

IMPERTINENT QUESTIONS

People who resent having to answer numerous question to be asked by the census takers might be exaggerating the terrors of this inqusition. Especially if the new volley of inquiries is fired at only a small percentage of the people canvassed. The census experts can get the special information they want, with reasonable accuracy, through the modern device of sampling a "cross-section" of population.

Those people who "get the whole works" may have a legitimate grievance in having to think up the answers and look up records and give the census-taker so much of their time. But even a natural objection to revealing personal, family and business facts may not be so well founded as many sensitive people fear. Such information may be useful in many proper and impersonal ways. The facts presumably will be treated as mere statistics, the person giving them being no more than a statistic himself.

In most cases, at least in the larger communities, the fact-gatherer will be a stranger with no personal interest in the answers. But perhaps there will be less of the merely factual interest, and more of the personal, in small towns and rural areas where the interrogator is a neighbor or acquaintance. In such cases it wouldn't be human for people to enjoy "telling all."

RED GRAPES OF WRATH

Stalin, Molotov and Company can't be very happy just now. They have serious troubles at home. Spencer Williams, secretary of the American-Russian Chamber of Commerce, who has been in Russia for ten years, reports that the workers and peasants are in worse plight than they have been since the famine of 1933, when several million of them starved to death. They lack food, clothing and articles of every-day use, he says, to a degree that would undermine the morale of any people.

The Russian standard of living has fallen one-third in six months. Food prices have risen 35 per cent since the first of the year. Much of this hardship of course is due to the war against Finland, which has required vast quantities of food, clothing, ammunition and other materials for the army, and has killed or wounded perhaps half a million Russians. In its unexpected concentration of resources on that foolish war, the Red government has neglected normal needs. The people are cold, hungray, miserable and confused, knowing little about the war but perhaps suspecting much.

Broadly speaking, this might be regarded as retribution for a great national crime. Yet it is not the people, but their masters in Moscow, who are to blame.

Grand Champion Steer Sells For $2.00 Per Pound

FORT WORTH, March 15.—(AP)—The grand champion steer of the forty-fourth annual Southwestern Exposition and Fat Stock Show, "Sweetwater's Best," brought $2 a pound in the auction ring here today.

The price was the highest paid anywhere in the United States for a grand champion steer this year.

It was 65 cents a pound higher than the $1.35 a pound price paid for the champion of the last international livestock show in Chicago.

The international show, held in December, is recognized as the first stock show of the next year.

"Sweetwater's Best," conditioned and exhibited by Kenneth Lewis, 17-year old son of County Judge and Mrs. Charles W. Lewis of Sweetwater, was purchased by Hotel Texas of Fort Worth. The winning bid was entered by Henry Love, for the purchaser. The Texas-bred Hereford weighed in for the stock show at 900 pounds.

The price received by the Nolan county 4-H club boy exceeded by 74 cents a pound the $1.26 paid for the grand champion of the 1939 show. Last year's champion was sold by the exhibitor of this year's reserve grand champion, Oliver Grote, 13, son of Mr. and Mrs. M. E. Grote of Mason.

A namesake of the 1939 grand champion steer, "Real Prince II." the reserve grand champion was sold to Pabst Brewing Co., Chicago, on a bid of 59 cents per pound.

Amon Carter Makes Sale.

This year's grand champion was sold by Amon Carter, who took over the gavel from Auctioneer Earl Gartin after the opening bid of $1 had been run up to $1.59.

Champion Aberdeen-Angus steer of the boys' baby beef show, fed out and shown by G. C. Whatley, Jr., of Groom, went to the Fort Worth Star-Telegram on a bid of 25 cents a pound, made by Carter.

The champion Angus of the open classes exhibited by J. B. Hollinger of Chapman, Kas., was sold for 21 cents a pound to Fort Worth club.

Grand champion lamb of the show, which won the boys' lamb show for Billy Rodgers of Lubbock, went to Vice President John N. Garner on a bid of $3.55 a pound, made for Garner by Carter.

All-Time High.

The price paid for the lamb, which weighed in at 90 pounds was an all-time high which broke the previous record price of $3.50 set some time ago in Houston.

Wayne Grogan of Deport, a 4-H club boy, received $1.30 a pound for his barrow which won both the boys' pig show and the grand championship of the swine division. The bid was entered by Globe Laboratories.

This price was an all-time high for the Fort Worth show for a champion barrow.

The champion carload of lambs, exhibited by O. C. Wright of Dallas, went to Henry Neuhoff of the Neuhoff Packing Company, for the A. & P. Food Stores of Dallas, at 15 cents a pound.

Texas agricultural experiment station's champion carload of barrows was bid in by Swift & Co. at $7.75.

Fine Wool Lambs Sold

The carload of fine wool lambs exhibited by Williams Brothers of Eldorado, Texas, sold to Armour and Co., on a bid of $10.75 per 100 pounds.

The champion carload of fat lambs from the boys' lamb show, exhibited by the Sterling City, FFA, was bought by Safeway Stores of Fort Worth and Dallas on a bid of $10.50.

The second prize winning carload of the boys' lamb show was sold to big chain stores of Shreveport for 10 cents a pound. They were exhibited by the Schleicher county 4-H club.

The group of 15 fine wool lambs with which the Tom Green county 4-H Club won third prize in the boys' carload division, went to Swift and Co., for the big chain stores on a bid of 10 cents a pound.

The Menard 4-H Club's carload of fine wool lambs, which placed fourth in the boys' show, was sold to Weingarten stores or Houston on a bid of $10.25 per 100 lbs.

Safeway Buys Lambs

The Madison county 4-H Club's fifth prize winners of the boys' carload lamb class brought a bid of 10.25 from Safeway Stores.

Second place carload of mild-fed lambs of the show, exhibited by Beesley Brothers of Dallas, was bid in at 13 cents a pound by Safeway Stores of Fort Worth and Dallas.

In the sale of the prize winning carloads of fat steers, Oliver Grote's grand champion group sold to Swift and Co., at 15 cents a pound.

The load shown by W. A. Davis of Eldorado, first prize winners in the class weighing over 1,175 pounds, was sold to A. and P. Stores of Dallas for 10 cents a pound.

First prize carload in the class between 950 and 1,175 pounds shown by Jamie M. Brook of Brady, brought $13.50 from Armour and Co., for the Worth Food markets of Fort Worth.

The second prize winners in the class weighing over 1,175 pounds fitted by H. E. Crofts of Marble Falls, went to Swift and Co., at $10.75.

FUNERAL SERVICES SATURDAY MORNING FOR J. W. WRIGHT

Funeral services for J. W. Wright aged 68 years, who died suddenly Thursday, were held from the family home, 918 East Ninth avenue, Saturday morning at 10 o'clock. Burial was made in Oakwood cemetery. The rites were conducted by Rev. Tom Lenox of Sweetwater, former pastor of the First Christian church. Corsicana Lodge No. 63, IOOF, had charge of the services at the grave. Mr. Wright, was a long-time prominent civic, business and political leader of this community, and prior to moving to Corsicana many years ago, resided in the Chatfield area. He was precinct chairman for a number of years.

Surviving are his widow, two daughters, Misses Irma and Mary Jewel Wright, all of Corsicana; a sister, Mrs. P. A. McClendon, Baytown and other relatives.

Sutherland-McCammon Funeral Home directed the arrangements.

Pallbearers were W. P. Thorp, J. C. McMullen, J. G. Elkins, N. J. McMullen, P. A. McClendon, Jr., and George Kirven.

Hofstetter Will Case Rehearing Is Overruled by Court

WACO, March 15.—(AP)—The tenth court of civil appeals Thursday overruled a motion for rehearing of litigation involving the $500,000 will of Mrs. Bessie I. Hoffstetter of Corsicana.

The will was held legal Feb. 22 by the court in a suit titled Millie Powers et al vs. First National Bank of Corsicana, executor, et al.

News of County Home Demonstration Clubs

Oak Valley Club.

When canning or storing food for the year, use containers of the size which, when opened, will serve all the members of your family one serving. Mrs. Jim Taylor, home food supply demonstrator, told the members of the Oak Valley Home Demonstration club, as she discussed the food preservation budget for the family in the home of Mrs. T. E. Young March 14.

Continuing the discussion, Mrs. Taylor said, in making plans consider that: One half pint container or one pound of stored food makes two one half cup servings, one pint container makes four one-half cup servings and one quart container makes eight one-half cup servings. Therefore the number of containers needed will be the same for all families, but the size of the containers will vary with the number in the family, and if it is planned to conserve food by canning only proceed this way: Multiply the number of servings needed weekly by the number of nonproductive weeks. Add ten containers in each class for company, can the total using containers to suit your family's need.

She also added that in canning sweets, one container per week per family or fifty two containers during the year will be needed.

Mrs. L. K. Carraway was elected as a possible delegate to the district meeting of the Texas Home Demonstration association which is to be held in Dallas, April 24th.

Two new members, Mrs. M. M. Bounds and Mrs. A. D. Tucker were added. An Easter egg hunt was planned for the club members and their families for next Thursday evening at eight o'clock at the City Park. All members that were not at the meeting are invited. Bring a picnic lunch for your own family and invited guests and one dozen colored eggs per family.

The recreation period was led by Mrs. Edd Klappenbach, Mrs. M. M. Bounds won the prize in the game.

During the social hour, the hostess assisted by her daughter, Mrs. S. E. White, Nina Margaret, served a refreshment plate, of open-faced sandwiches, potato chips, cookies and fruit punch carried out in the Easter design, to twenty six members including two new members and one visitor, Mrs. J. P. Bryson.

The next meeting of the club will be with Mrs. L. K. Carraway, March 28.—Reporter.

Rice 4-H Club.

The Rice 4-H club girls attended the Fat Stock Show on March 11. Two places of interest visited by this group before viewing the exhibits were the airport and the Swifts Packing House. Hugh Gallemore, a former Rice citizen, who is now manager of the American Airways, directed the Rice girls through one of the $110,000 Douglas planes. From the airport the girls made an inspection tour through the Swift Packing House. The following departments were visited: Truck loading, refinery, car loading, smoked meat packing and fancy wrapping, storage, beef cutting and cooling, hog dressing, pork cutting, lard and storage tanks department.

Eighteen of the 26 members and their sponsors enjoyed this most educational trip.—Reporter.

GARNER FAILED TO ENTER PRESIDENTIAL PRIMARY IN OHIO

ROOSEVELT EXPECTED TO GET STATE'S 52 CONVENTION VOTES

WASHINGTON, March 16.—(AP)—Vice President Garner's decision to hold aloof from the Ohio presidential primary gave President Roosevelt virtual assurance today that he would have the state's big convention delegation if he seeks a third term.

The Ohio deadline for filing passed last night without a word from any of the chief contenders for the democratic nomination. The only entry for the state's 52 convention votes was Charles Sawyer, pro-Roosevelt democratic national committeeman. Sawyer was expected generally to release the delegation to support a third term at the proper moment.

On the republican side, the deadline's passing meant that Senator Taft would get his home state's delegation. He was unopposed.

Although avoiding the May 14 Ohio contest, Garner announced his entry into the May 17 Oregon primary.

Friends declared he had decided to stay out of Ohio because he believed that state's political cards were stacked against him. The state democratic committee there has gone on record as favoring Mr. Roosevelt, and Garner was said to feel that he had entered enough state primaries to obtain a fair test of feeling for and against a third term.

Garner is the only democratic contender who has opposed a third term openly, and associates said he wanted his stand to "make or break" him at the convention.

The vice-president now is opposing Roosevelt delegates in Oregon, Illinois, Wisconson and California.

In California yesterday, a committee favoring a third term filed endorsement of a Roosevelt-pledged slate of delegates to the democratic convention.

The endorsement came after Secretary Ickes had hastened to the state to patch up differences among democrats supporting the president.

Authority For Ickes.

LOS ANGELES, March 16.—(AP)—The Garner campaign committee has questioned Secretary of Interior Ickes' authority in placing President Roosevelt's name on the California ballot.

A statement by William R. Wallace, Jr., and Zach Lamar Cobb, co-chairmen of the Garner-For-President committee, charged that Ickes' trip to California recently marked the second time in six months that he had "sought to regiment California voters."

"We do not believe," the statement said, "that Secretary Ickes was authorized to put the president's name on the California ballot. The president does not act that way. If President Roosevelt ever wishes to announce as a democratic candidate, he will not make the announcent through a republican member of his cabinet. The Garner campaign committee challenges Ickes to produce his credentials."

The statement ended:

"Last November Ickes came here and in effect demanded that our people vote 'yes' on the local oil control bill then on the ballot. The people defeated the bill by more than 700,000 majority. We welcome Ickes as the leader of the opposition to Vice-president Garner...The Garner supporters will not bow to attempted dictation, nor be frightened by the big names of former democratic leaders.

Fire Damage Here And at Chatfield Estimated $5,000

Losses estimated at approximately $5,000 were sustained in a series of blazes in Corsicana and Chatfield Friday.

Fire of undetermined origin Friday morning destroyed the residence of Robert Calloway at Chatfield, and sparks from that fire ignited the roofs of dwellings belonging to S. E. Fullerton and Mrs. Calloway nearby. The Corsicana fire department answered the call and extinguished the two second blazes. The Calloway damage was estimated at $1,500 while the other two Chatfield blazes were not large.

Shortly after 12 o'clock Friday afternoon fire broke out in the house belonging to Mrs. J. M. Kerr on West Second avenue, between Main and Twelfth streets. The house was occupied by Jimmie Graham. This loss was estimated at $3,000 with some insurance. Flying sparks and shingles from this blaze drifted more than three blocks and during the time the fire department was answering that call, eight different roofs became ignited, but were extinguished before a great deal of damage resulted.

A complete list and the damage suffered at the eight roof blazes was unavailable early Friday afzternoon pending a check-up by fire department officials.

HEALTH, BEAUTY AND POISE

By VERONICA DENGEL

HOW DO YOU SIT?

How do you sit in a chair? Gracefully Or carelessly? The other day I made some exercise movies which were shown as part of a newsreel. Perhaps you have seen them. When I have made those pictures in the past I used professional models—but this time I took girls from my office, and they certainly did a nice bit of work. Much less effort on my part, too, because they knew what it was all about. When we did these pictures, we also made shots of the right and wrong way to go up and down the stairs, and the right and wrong way to sit in a chair. I'm so sorry that these were not used, because they would have been helpful to so many people; but it seems movies must have a lot of action!

.Cross the leg above the knee..

Notice the girl in the picture. She looks poised, graceful, assured—and still quite comfortable. Her back is straight, her head and shoulders are up. Her hands lay restfully in her lap, and her legs are properly crossed. Do you see that the one leg is placed across the other above the knee? This is important to watch, because then the raised leg will hang gracefully, and the shape will not be distorted at the calf.

Sit in front of the mirror in your room, and try sitting correctly—and then in your usual way. Which do you like better? If the new way suits you more, practice it until it becomes a habit.

News of County Home Demonstration Clubs

White's Chapel Club

In "qualit y cake" make use reliable recipes Miss Clara E. Rettiger, Navarro county home demonstration agent, told a group of White's Chapel home demonstration members at the home of Mrs. J. W. Beeman, March 13, 1940.

Miss Rettiger continued by giving a demonstration on white cake with boiled icing using nuts and raisins for filling between the two-layer cake. In using reliable recipes best ingredients must be used with all measurements measured accurately. This may be done by heaping the measurements and using a knife or spatula leveling it correctly. Miss Rettiger said to always mix dry ingredients and sift three times before combining with liquid ingredients.

Mrs. S. A. Beeman was elected to represent the White's Chapel club at the March council and be a candidate for one of the three Navarro county representatives to the district four meeting of the Texas Home Demonstration Association in Dallas April 24.

Mrs. J. W. Beeman served refreshments consisting of chicken salad, cookies with ice tea to 25 members and one visitor, Mrs. Owns.—Reporter.

Pickett Club.

Mrs. O. K. Vinson of the Corbet Home Demonstration Club acted as chairman in organizing a club of the Pickett community at the school building, March 12.

Other members of the Corbet club present were Mrs. T. C. Baggett, Mrs. Homer Crawford, Mrs. Kate Slone. Mrs. J. L. Slone and Mrs. J. L. Womack.

The officers elected for the Pickett Club are as follows: Mrs. Kyle Stokes, president; Mrs. E. V. Williams, vice president; Mrs. D. C. Stanley, secretary-treasurer; Mrs. Sam Nagy, council delegate; Mrs. C. C. Christie, reporter; Mrs. W. W. Martin, parliamentarian; Mrs. Skinner, Mrs. D. J. Martin and Mrs. Sam Norwood, recreational leaders.

The other members enrolled were Mrs. E. P. Kiser, Mrs. W. G. Stokes, Mrs. C. C. Norwood, Mrs. C. E. Fortner, Mrs. Glenn Stokes, Mrs. A. L. Betts and Mrs. Bill Blood.

Our regular meeting days are the second and fourth Mondays in each month. Our next meeting will be in the home of Mrs. Kyle Stokes, March 25.—Reporter.

We now have for distribution a Four-Color European War Map, size 22x34 inches, specially made for use in the home, office and school. This is not the ordinary news print map and is up to date in every particular. Every one should have such a map for reference. The regular retail price for these maps is fifty cents, but they can be had at the Daily Sun for twenty-five cents, which is the actual cost. The quantity of maps is limited, and first come, first served. Will be sent by mail for five cents extra.

the woman, who had gone on a walk with him after he had dinner at Mrs. Darver's home.

During the walk, the youth apparently had what his physician called "a walking spell," and the woman was unable to control him. He had been in a hospital for seven weeks and under medical care for about a year.

"Where are you going at this time of night without any clothing?" Rudge said he asked the youth.

"I'm going to California with my mother."

"Where's your mother?" Rudge inquired.

"I pushed her in the river," Rudge told police the suspect explained.

Later, he told Fritz that the victim had fought furiously as he dragged her down a steep bank and out into deep water. He swam to the opposite shore after she disappeared, then removed his clothing and went back into the water in an effort to find her.

He was held in jail for observation.

major factor in the national convention.

This senator asserted that a big majority for Mr. Roosevelt in that race seriously would damage Garner's chances for the presidential nomination. Garner himself was described as believing that the primaries in Illinois, Wisconsin, California and Oregon would make or break his chances.

The president's name was entered in Illinois by supporters of Chicago's Kelly-Nash organization. The president did not approve that action, but neither did he repudiate it.

News of County Home Demonstration Clubs

Corbet 4-H Club.

"Slips should me made of soft material," Marjorie Bennett, president, clothing demonstrator of the Corbet 4-H club, told the Corbet 4-H club girls at a meeting with Dorothy Elmore March 16.

"Slips that are worn to school should be made of stronger and better material," Marjorie continued. Slips should have French seams 3-8 to 1-2 inch wide and the straps should be made of bias tape or made doubled and turned as a belt, 1-2 to 5-8 inches wide.

Finishes for the top of slip, with straps, should have fitted facing, bias binding, double top and hemmed if the top is straight. Without straps, that is, with armholes and neck rounded out, should have fitted or bias facing on wrong side, stitch first edge on machine, turn, baste in place and whip or slip-stitch in place. The hems should be shirt-tail hem on machine or by hand, or shell scalloping edge or hem 3 to 5 inches wide put in on machine or by hand (under, if necessary to shadow-proof slip.)

After the meeting adjourned, the hostess served cookies and hot chocolate to six members, one visitor, Miss Georgia Nell Jacobs, and sponsor, Mrs. John Bennett.

The next meeting will be with Lometa Rogers April 6.—Reporter.

Powell Club.

The Powell Home Demonstration Club met March 15 in the home of Mrs. Perry McCullough.

Miss Rettiger gave a demonstration on cake baking. She emphasized various points that should be followed in baking a cake—All ingredients should be handy; use accurate measurements; use standard products: all ingredients should be well blended to get best results.

To stress these points more thoroughly she baked a white cake. A boiled icing containing nuts and raisins for filling was used between the layers.

Slices of this cake and grape juice were served for refreshments.

There were twelve members and five visitors prsent.

The visitors were Mrs. N. S. White, Mrs. Lee Greer, Mrs. Ben Davis, Mrs. L. L. Johnson and Mrs. V. Phillips.

Mrs. L. L. Johnson became a new member.—Reporter.

Dairy Judging Team Win Honors Ft. Worth

Navarro county boys 4-H club dairy judging team Friday at the Fort Worth Stock Show placed fourth in the state contest of nine counties, it was learned here Saturday. This is regarded as an excellent showing when it is taken into consideration this is the first contest ever entered by the local team, while the other eight entries competed last year.

The team, composed of Albert Donohoo, Elliott Beale and Duane Womack, was coached by John S. Finch, R. L. Barron, vocational agriculture teacher at Corsicana High School, and A. P. Bralley, assistant Navarro county agent. The Corsicana Junior Chamber of Commerce sponsored the club.

Womack placed third in individual scores in the judging of Holsteins.

The clubs by counties finished in the following order:

Hopkins, Tarrant, Ellis, Navarro, Taylor, 1939 champions; Henderson, Dallas, Parker and McLennan.

bumped off soon and they wanted to be able to identify him.

"The kid looked scared. When he left a detective followed him to the street, sneaked up in back of him, poked a finger into his back and said, 'Come on, Bum. Get in that car.' The kid fainted from fear."

Cohen, who acted under the name of Jack Gordon and was known in the underworld as "Big Gangey," has a minor police record, said James Morgan, chief clerk of O'Dwyer's office. He was seized in Hollywood.

Cage's body, weighted down with a slot machine, was fished out of Swan lake near Loch Sheldrake in July, 1937.

Youthful gunmen, described as "young punks," did the trigger work under agreements with such racket overlords as Lucky Luciano, imprisoned Manhattan vice king; Louis (Lepke) Buchalter, and Jacob (Gurrah) Shapiro, O'Dwyer said.

The prosecutor quoted one informer as saying the gang leaders had boasted to him of having "rubbed out" seven witnesses in District Attorney Thomas E. Dewey's Buchalter trial.

Two young members of the syndicate, fearful they would be deserted by their leaders and left to face alone charges under which they now are held, spilled their stories, O'Dwyer said. He named them as Anthony (Duke) Maffetore and Abraham (Pretty) Levine.

Levine told O'Dwyer he had tried to go straight but the mob leaders wouldn't allow him to ease out of the racket.

Sums of $10 and $20—sometimes as little as $3—were paid for the killings.

"I have an idea that the electric chair is going to be working overtime in catching up with justice," the prosecutor asserted.

I HAVE BEEN experimenting by mixing my sand with black waxy land. I find that my sand has an equable plant food that the black waxy land doesn't have. And that the people in the black land belt could grow finer flowers, fruit and vegetables by mixing my sand with their black waxy land. My sand would give their soil a plant food it needs to make the plants prolific and give the fruit or vegetables that good flavor that East Texas fruit and vegetables have. Try this sand on your flowers, gardens and fruit trees. You will be pleased. This sand is sifted when taken from the pit. Put in sacks 100 lbs. per sack, and sold 20 cents per sack f.o.b. Lindale, C. FIRST AID CONTEST NAVARRO COUNTY BOY SCOUTS IS PLANNED

The Boy Scout troops of Navarro county are preparing for the first annual first aid contest to be held in Corsicana, Friday evening, March 29th. Many troops have been training their Scouts for several months for this event. The meet will be held in the Corsicana Junior High school gymnasium and the public is invited to attend. First aid is one of the most important subjects taught in Scouting and the Scouts are eager to show their ability to do the right thing when the emergency comes.

Teams of five Scouts each will represent the troops from Kerens, Blooming Grove, Dawson and Rice as well as Corsicana. These teams have been selected by intra-troop competition between the patrols of the troop and will be the best first aid Scouts from each troop.

The winning team from this district will have the opportunity soon to compete with the winners from other districts of the Circle Ten Council, according to A. H. Newton, local field Scout executive.

The local meet is being organized by and will be conducted under the direction of Dr. S. H. Burnett, chairman of the health and safety committee of Navarro county. The teams will be judged by local first aid experts as to their abality to properly diagnose and treat a number of prearranged problems.

Funeral Services Held Sunday For C. T. Kessinger

Funeral services for Charles T. Kessinger, aged 67 years, who died suddenly Friday afternoon at his home, 604 East Ninth avenue, with a heart attack, were held Sunday afternoon at 2 o'clock from the Sutherland-McCammon chapel. Interment was in Oakwood cemetery. The rites were conducted by Dr. P. E. Riley, pastor of the First Methodist church.

A native of Illinois, Mr. Kessinger had resided in Corsicana for 62 years and was well-known here.

Surviving are his widow, five sons, Charles Kessinger, Jr., Illinois; Eugene Kessinger, Corsicana; Staley Kessinger, Houston, and Paul and John Kessinger, both of Corsicana; a daughter, Martha Jo Kessinger, Corsicana; a brother, Eddie Kessinger, Corsicana; three sisters, Mrs. Annie Langston and Mrs. Jennie Martin, both of Corsicana, and Mrs. Viola Winegar, Houston; six grandchildren and other relatives.

Pallbearers were T. W. Lovett, A. E. Foster, Abe McBroom, Walter Hayes, Charles Banister and Bell White.

Honorary pallbearers were friends of the family.

Card of Thanks

We wish to thank our many friends for the kindness shown us during the death of our husband and father. We want to thank those who brought the nice dinner and those who sent the beautiful flowers. We also want to thank each doctor and nurse at the Navarro Clinic for their services rendered. May God bless each one of you is our prayers.

MRS. J. L. ABBE,
AND CHILDREN.

Courthouse News

District Court.

This week is the final week of the January term of the Thirteenth judicial district court. Next week will be vacation week and the April term will be opened Monday, April 1, with the empanelling of a new grand jury by Wayne R. Howell, district judge.

Non-jury matters, motions, orders, etc., incident to the ending of the January term of court are slated this week.

The January grand jury is scheduled to resume its investigations Wednesday. The probers will complete their work and make their final report to Judge Howell and be discharged this week.

A jury commission composed of Ralph W. Stell of Corsicana, W. T. Woodruff of Barry and L. H. Carroll of Kerens resumed its work Monday in selecting grand and petit jury lists for service in the April term of court. The commission was empannelled Friday but recessed Friday afternoon until Monday to complete its work.

J. W. Jiles vs. Ruby Lee Jiles, divorce granted.

Dorothy Mae Humphries vs. Joe Humphries, divorce granted.

Estell McVea vs. Coster McVea, divorce granted.

Annie D. Miles vs. J. D. Miles, divorce granted.

A. C. Venable vs. Mrs. Lorena Venable, divorce granted.

Willie Elva Elkins vs. Leonard Albert Elkins, divorce granted.

Pete Cruz entered a plea of guilty Saturday before Judge Howell to an indictment for driving a car while intoxicated and was given a two-year suspended sentence.

District Clerk's Office

The following case was filed:

Frank M. Childers vs. American Employers Insurance Co., suit for compensation and to set aside award of industrial accident board.

Sheriff's Office.

A man was arrested Sunday afternoon by Deputy Sheriff Jeff Spencer in connection with an automobile collision involving a car driven by H. B. Fouty of Navarro. The man arrested resides in Ennis. Spencer said the Ennis man would be charged with driving a car while intoxicated.

Deputy Sheriff George T. Brown and Highway Patrolmen M. R. Reid and Hammett Vance arrested three men Sunday afternoon on intoxication charges.

A negress is in jail charged with aggravated assault in connection with the stabbing of Lurlene Fields, negress, Saturday afternoon. After treatment at the P. and S. Hospital, the negress was discharged. The defendant was arrested by Deputy Sheriff Spencer.

Constable's Office.

Homer Butler, residing east of Corsicana, reported to Constable Clarence Powell that an electric fencer had been stolen from his premises during the week-end.

Ten negroes were arrested by Constable Powell and Deputy Constable Oscie Renfrow on gaming charges.

County Court.

The jury for the week in county court was finally excused Monday morning by Paul H. Miller, county judge, when several criminal cases set for trial were passed.

Assessor and Collector's Office.

There thad been only 1148 passenger cars registered Saturday morning, and indications point to the customary "last minute rush" during the closing days of this month.

Justice Court.

One was fined on a theft charge by Judge Pat Geraughty.

Hattie Birdwell, negress, was named in an assault with intent to murder charge and bond was set at $500 to await the action of the grand jury as a result of a shooting scrape at the rear of Deputy Sheriff C. C. Sands' home Saturday night. The negress was alleged to have fired at her husband, Sam Birdwell, with a pistol. The complaint was filed before Judge A. E. Foster.

Four were fined on vagrancy charges and one for drunkenness during the week-end by Judge Foster.

Three were fined on intoxication charges Monday morning by Judge Pat Geraughty.

SETTING DISTRICT COURT DOCKET FOR APRIL TERM COURT

Following is the preliminary setting of docket of district court of Navarro county, April term. 1940:

FIRST WEEK.
